

**Scott H. Kollins, Ph.D**

Chief Medical Officer, Holmusk

Adjunct Professor; Department of Psychiatry and Behavioral Science; Duke University School of Medicine

Strategic Advisor, Digital Health Solutions; Duke Clinical Research Institute

Dr. Scott Kollins is the Chief Medical Officer for Holmusk, the world's leading real-world data company focused on behavioral health. Prior to joining Holmusk, Scott spent more than 20 years on the faculty in the Department of Psychiatry and Behavioral Sciences at the Duke University School of Medicine, where he maintains an Adjunct faculty appointment. He has published more than 180 scientific papers and his research has spanned a number of areas, including human psychopharmacology, ADHD across the lifespan, nicotine and other substance use disorders, and clinical trials. Scott has been a leader in designing novel approaches to support clinical evidence generation for digital therapeutics. He received his undergraduate degree in psychology from Duke University, and his graduate degree in Clinical Psychology from Auburn University.
